SULLIVAN'S SPECULATIONS

His Losses in This Way Furnish a Motive for the Commission of the Cronin Murder.

CHICAGO, June 21.—Another loss of $18,000 sustained by Alexander Sullivan through his speculations was discovered by the grand jury yesterday. It was also ascertained that Martin Burke secreted himself at Joliet from May 9th to May 18th, and that while he was there he received a sum of money from Chicago, where upon he at once disappeared without telling his most intimate friends where he was going.

These facts about Sullivan and Burke were the most valuable and startling, as they were about the only new ones resulting from the investigation yesterday. Alexander Sullivan speculated at one time through the firm of Maurice Rosenfeld & Co. Some of his plunges are known to have been remarkably lucky and he made money in large sums. His losses were smaller than his gains, but there were more of them. The aggregate of his winnings and that of his losses were carefully calculated, and it was discerned that, although he made several lucky strikes, he really lost $18,000 while operating through them.

Mr. and Mrs. Black, of San Francisco, the father and mother of Frank Woodruff, the horse thief now under indictment for complicity in the murder of Dr. Cronin, arrived in this city Tuesday afternoon and late that evening called at the jail. They were permitted by Sheriff Matson to see their son. Woodruff was called into the visitors' cage and mother and son were soon in each other's arms. Both burst into tears and during the entire interview Mrs. Black's eyes were never dry.

LeCaron, the British military spy was last night tried by his comrades in Winfield Hancock Post, No. 560, G. A. R., and summarily dismissed from the order. The charges against him were that he was unworthy of being a comrade of the other members, and the trial was brought about by his testimony given in the Parnell case.

The police are mysteriously and unusually secretive regarding the source of their information about Burke, the Winnipeg prisoner, but it is now definitely known the information on which Chief McRae arrested his man came from Hancock, Mich.

In the search for a motive for Dr. Cronin's removal the only intelligible one found is furnished by the history of his persistent effort to show the misappropriation of Clan-na-Gael funds. The men whose standing in the Irish cause and whose honor were involved by these efforts were Alexander Sullivan, Michael Boland and Dennis C. Feely, the triangle during the early years of the present decade. At least $300,000, Cronin's adherents estimate, passed through the hands of these three men while they were in supremacy.

WINNIPEG, Man., June 21.—Burke's trial begins to-day. In order to obtain his extradition such a case must be made out as would secure his commitment for trial at a higher court, if he were charged with committing the offense in this country.

AFFAIRS AT JOHNSTOWN.

The Strikers are not Yet Satisfied and But Few Men are Working.

JOHNSTOWN, June 21.—Maria Burford, Max Burford and Henry Pritchard were the only bodies identified among the thirteen remains removed from the debris to the morgue up to noon to-day.

The strike is still on and very little work is doing to-day. The strikers are not yet satisfied with the promises of the contractors, and refuse to go to work until an agreement is signed guaranteeing better food and free transportation home whenever they desire to go.

A large number of strikers who refused to go to work were driven out of Contractors Flinn & McKnight's camps at day break this morning before their breakfast was served. The strikers who handed in their time last night were promptly paid in full.

This, together with the money paid out by the Cambria and Gautier companies to-day, places plenty of money in circulation among the men. The idlers are patronizing the illicit saloons in the neighborhood and the militia are held in readiness to respond at a moment's notice to suppress any outbreak that may possibly occur.

It is now a matter of much doubt if the contractors will be able to fill the striker's places with new men, as very few are arriving that can be engaged at the contractors terms.

The Weather.

WASHINGTON, June 21.—Indiana—Rain; cooler; northwesterly winds.

A WATERY GRAVE.

Frank, the Young Son of Mr. Nic DeWald, Drowns While Swimming.

Late yesterday afternoon Master Frank, son of Mr. and Mrs. Nic DeWald, of South Calhoun street, went up the St. Joe river to go swimming. He was accompanied by the young sons of Mr. Gus Fox and Mr. Noll, the druggist. One of the lads swam across the river and when young DeWald attempted to follow he was cautioned by his companions, who knew he was not a strong swimmer. Heedless of their advice the boy started across only to meet a fate. In the middle of the stream his strength exhausted itself, causing him to sink before assistance could be rendered. It would have been almost certain death to any one of the lads to have attempted a rescue.

The frightened boys hastily went to Centlivre's, where the news was conveyed by telephone to the city. A searching party commenced work at once. A net was spread at the dam to prevent the body going over. All last night and this morning the work proceeded, but the body was not recovered. The Zollinger battery guns have been on the scene, and cannonading the water sounded for miles with its solemn boom, but this effort to raise the lifeless body proved as fruitless as everything else. The river is being dragged.

Frank Dewald was in his 17th year, a bright boy, and studious pupil in the Brothers school. The family is grief stricken.

BODY RECOVERED.

The body was found about 3 o'clock this afternoon forty feet from where the young man went down. Peltier's conveyance was telephoned for and the body removed to the undertaking rooms.

AN UNEXPECTED FAVOR.

Mr. M. W. Simons, of Plymouth, Presents the Baptist Church With $300.

A few days ago, Rev. S. A. Northrop, of the Baptist church, while en route home from Laporte, Ind., met on the train Mr. M. W. Simons, of Plymouth, who made a few inquiries after the welfare of the church. He was informed by Pastor Northrop that the congregation would put about $7,000 worth of improvements on the church and make it in many respects a metropolitan edifice. He also stated that contributions would be solicited at once to prosecute the work.

This morning Pastor Northrop received a nice letter from Mr. Simons, in which was enclosed a contribution of $300.

GETS OFFICIAL NOTICE.

Postmaster Higgins Formally Notified of His Appointment.

Mr. C. R. Higgins to-day received a communication from Washington officially notifying him of his appointment as postmaster at Fort Wayne.

The commission of Postmaster Kaough expires on August 2nd next, and Mr. Higgins will take possession of the office at that time, and it may be before.

CHANGE OF BUSINESS.

Louis Scherer Moves His Model Bakery Into Handsomer Quarters.

Mr. Louis Scherer has removed his Model Bakery from No. 88 Barr street, to No. 99 Maumee avenue.

The object of the change is to give him better facilities for his business, which has outgrown its old proportions.

Mr. Scherer has justly built up a splendid trade, and in the future he hopes to excel the past in catering to the wants of his patrons and the public generally. He will place two new wagons on the road and this will enable him to promptly supply his customers with fresh bread, pies, cakes and everything in his line of trade every morning.

Mr. Scherer solicits a continuance of the patronage of his old customers, and invites new ones to his trade. A telephone will soon be placed in his establishment, due notice of which will be given, and customers can then send their orders in by telephone.

The St. Paul M. E. Church Fair.

A great crowd attended the fair again last evening, and all who attended greatly enjoyed themselves. The hall is magnificently decorated with tissue paper, evergreen and bunting. The receipts were large. A great crowd is expected this evening. The booths are all very beautifully decorated and did a thriving business. The ladies' fancy bazaar is the center of attraction. All who desire to spend an evening pleasantly are invited to attend.

REFUSE TO ACCEPT.

The Johnstown Sufferers Will Not Accept the Beer Picnic Funds.

Rev. J. L. Leeper, the pastor of the Second Presbyterian church, of this city, is in receipt of a telegram from Mr. W. R. Thompson, of Pittsburg, the general treasurer of the Johnstown relief fund, stating that he will not, under any circumstances, accept the money raised by the beer picnic in this city last Sunday.

Mr. C. R. Higgins, the treasurer of the fund in this city, had previously refused to accept it, and if Messrs. Centlivre and Berghoff have forwarded it to Pittsburg, they can rest assured the money will be returned to them.

A COLORED PRIEST.

Among the latter was a young colored man named Charles Randolph, who, when ordained, will be the first of his race admitted to the priesthood in this country.

Mr. John R. Hague, international secretary of the Y. M. C. A. left this afternoon for his home at Buffalo, New York.

THE FARMER'S ENEMY.

A Little Green Bug That is Destroying the Wheat.

Mr. Wm. H. Schoonover, of Union township, Wells county, brought to this office to-day, several heads of wheat taken from four different farms adjoining the county line. On each head are two or three hundred little green bugs, about the size of a pin head, which are eating the grains of wheat as rapidly as they can do so, and will eventually ruin the whole head.

Upon inquiry at the store of S. Bash & Co., in this city, a SENTINEL reporter learned that they have telegraphed to different parts of the country and have received the answer that this insect is committing its ravages everywhere, not only on wheat, but rye and oats also. If this is the case it is altogether probable that the wheat crop this season will be a failure and that there will hardly be a bushel to the acre of good wheat harvested.

This telegram from Winamac, Ind., received at noon, shows the destruction of this insect at that place:

WINAMAC, Ind., June 21.—The farmers in and around this place are becoming discouraged on account of the continued rain-fall and the appearance of a small bug, about the size of a pin head and of a greenish color. Not much damage will be done to the wheat that is well advanced, but the utter ruin of rye and oats is feared. Most of the corn is under water and presents a poor appearance.

John Krook, of the Bass moulding rooms, had the fleshy part of his leg pierced by a sharp iron yesterday afternoon. A copious hemorrhage followed and the man is now confined to the house.

Last night Mr. Jacob Brinkroeger, of West Fourth street, while working about a horse, received a kick from the animal which sent him spinning through the air, and landed him in a pile of debris some feet away. The man was picked up in an unconscious condition and conveyed to the house. Dr. Stults, who was summoned, found the extent of the injuries to be a fractured arm and several contusions.

Last evening Mr. Cyrus J. Lose, of the Newspaper Union, while crossing Calhoun street in front of the Harmon house, was run against by a driver who did not see him by reason of the glare of the electric light. The shafts of the vehicle struck Lose in the breast, knocking him into the gutter. When he arose the buggy was gone and so was an elegant gold watch and chain, a present to Mr. Lose and prized very highly by him. It is the supposition that the jewelry caught in the shaft or harness and was whirled away.

YOUTHFUL MURDERERS.

Three Boys Bound Over at Terre Haute for Murdering Another Young Lad.

TERRE HAUTE, Ind., June 21.—The two Douglas boys, one ten and the other twelve years of age, and a boy named Pearman, thirteen years of age, were bound over to the grand jury in Vermillion county yesterday for the murder of Parley Snyder, whose body was found in the creek, where they had induced him to go swimming with them.

In the first report it was said that young Snyder had been shot as well as stabbed. The autopsy shows, however, that he was not shot, but that several scars on his head—one an inch long and a quarter of an inch deep—were caused by blows sufficient to make him insensible, if not to kill him.

IOWA STORMS.

At Ponca, Nebraska, several buildings were blown down. At Lyons, Nebraska, the station of the Omaha road, was struck by lightning and burned with all its contents, causing a loss of $5,000. Much damage is reported at Sloan, but particulars have not yet been learned.

Jake Kilrain at Work.

Under the skillful guidance of Charlie Mitchell, Jake Kilrain is rapidly getting into condition for his fight with John L. Sullivan next month. The training quarters are at Halstead's road house, near Baltimore, Md. Every afternoon hundreds of persons go out to Halstead's to see the pugilists punch the bag. When Kilrain began to train two weeks ago his weight was 213 pounds. He has since reduced it to 198 pounds, and expects to lower it to 185 or 188 pounds by July 2, the day he starts for New Orleans to fight Sullivan. He is going to be dressed in style when he starts on the journey, for when he was in this city last winter he went to the clothing house of Original Pete, 52½ Calhoun street, and purchased the suit of clothes he will wear. He knew where to get the cheapest and best.

Those who have not yet convinced themselves of this can easily do so by comparing prices.

JUDGE WOODS will hear a number of election cases at Indianapolis next week. They are for violating the election law last fall.

CHAIRMAN CALVIN S. BRICE enlisted in the United States army from Miami university and left the army with the rank of captain.

THE barbers of Indianapolis will obey the Sunday law. The barbers of this city have voluntarily and cheerfully observed it for a long time.

JOHN L. LAWES, the heaviest man in America, and who was to have been exhibited as such at the country fairs, died at Elmira, N. Y., Monday, weighing 640 pounds.

HENRY HODGES, of Lampasas, Texas, is claimed to be the oldest living Mason and democrat. He is said to be 109 years old, and to have cast his first vote for Thomas Jefferson.

SMITH WILLIAMS, ex-superintendent of a county poor asylum, and H. W. Miller, ex-treasurer of Marion county, pleaded guilty at Indianapolis, yesterday, of voting insane persons at the last election, and were fined $50 and $250 respectively.

GENERAL CARY, whose death occurred at Marion, Ind., Wednesday, was one of the bravest officers of the union army, having had four horses shot from under him and being wounded five times. He served two terms in the Indiana legislature, being elected in 1865 and again in 1878.

THE total vote in yesterday's election in Rhode Island, was 29,449 for repeal of the prohibitory amendment, and 9,853 against the repeal. The amendment is therefore repealed by 5,469, more than the required three-fifths of the total vote. The amendment was adopted in 1886 by a vote of 15,113 to 9,230.

OFFICIAL and estimated returns from every county in Pennsylvania show that the prohibition amendment was defeated by 188,449 majority. Reports from all but twelve counties show a majority of 146,996 against the amendment providing for the repeal of the poll-tax qualification. The majority against it will be still further increased.

MRS. CHARLOTTE ALLEN, aged seventy, living near Washington, Ind., has confessed that in November, 1888, she murdered her husband, whose body was found tied to a tree, with his throat cut from ear to ear. It was supposed that the victim had committed suicide. Mrs. Allen says that quarrels as to the ownership of the farm led to the tragedy.

THE supreme court of Indiana decided Thursday that a barber could not pursue his business on Sunday. The case was that of John Ungericht, of Indianapolis, who was arrested and fined for keeping his barber-shop open on the Sabbath. The court holds that shaving and hair-cutting are not works of necessity within the meaning of the statute, and the judgment of the lower court is affirmed.

THE Royal Arcanum society was the first to be officially represented in the Conemaugh valley after the flood. A committee of supreme officers hastened to the scene of disaster with $4,000 in cash and have remained on the ground ever since, looking after the wants of their suffering brothers. Liberal donations are being forwarded them from subordinate councils all over the United States. There were one hundred and forty-two members in the valley and but five lost, and their bodies have been recovered and identified. The society has a prosperous branch in this city.

THE appointment of Prof. Henry W. Diedrich, of this city, as consul to Nuremburg, by the president is a deserving one. Prof. Diederich is professor of English literature in the Concordia college in this city and is a scholary gentleman, well fitted in every way for the discharge of the duties of the position to which he has been called. His salary is $2,000 a year, with fees, which makes the office a lucrative one. Nuremburg, where the professor goes, is a fortified city of the Bavarian province of middle Franconia. It has a population of 35,000 and is famed for its town hall, the finest in Germany. Its inhabitants retain the characteristics which distinguished the wealthy burgher classes in the middle ages.

FOR several years there was a standing offer for a partridge's nest containing more than twelve eggs, the records at the Smithsonian institute giving that as the greatest number of eggs of that species to a nest. A party of Worcester girls recently won the money by finding a nest with fifteen eggs.

A MEMORIAL was handed to Emperor William by General Count von Waldersee two weeks ago setting forth the fact that Russia was arming her troops, and begging the emperor to ask the czar the meaning of these warlike preparations. The communication has caused the emperor considerable irritation. Prince Bismarck is persuaded, however, that Russia has no hostile intentions.

GOT THEIR DIPLOMAS.

The Commencement at Fort Wayne College Last Night—A Well Rendered Program.

A large audience assembled in the lecture room of Fort Wayne M. E. college last evening to attend the forty-third annual commencement of that institution of learning. Owing to some unknown cause the gas refused to work for awhile, thus delaying the exercises about an hour.

On the platform were seated the faculty, trustees and the graduates, who were as follows: Julia Florence Alexander, of Wabash, Ind.; Minte Minerva Hetrick, of Fort Wayne; Grant S. Housh, of Fort Wayne; Paris Wilson Ashcraft, of South Whitley, Ind.; John Fulmer Bower, of Sheldon, Ind.; Edward Benton Johns, Columbia City, Ind.; Morton Erastus Little, of Pierceton, Ind.; Charles Marquis Sarber, of Claypool, Ind.; Clarence Edwin Smith, of Saturn, Ind.; Paul Wilke, of Fort Wayne.

The invocation was delivered by Rev. W. J. Chadwick, of Columbus, Ohio, who was followed by Miss Ida Kellogg, in her difficult solo, "Piano, Piano," in which she was accompanied on the piano by Mr. John Mohr, jr.

The graduates each rendered a number, either literary or musical. The merit of all of them is such that THE SENTINEL will bunch its criticisms. They were given in a talented manner, creditable to the graduates and the institution.

After the exercises the presentation of diplomas and announcement of degrees, conferred upon students, was made by Rev. Herrick, president.

On Miss Julia F. Alexander was conferred the degree of Bachelor of Photography.

Mr. George S. Housh, a blind student, was then called upon, and Professor Herrick conferred upon him the degree of Bachelor of Arts. The announcement was received with cheers by the audience.

The following degrees were also then conferred upon the gentlemen whose names appear below:

The degree of Doctor of Law on William Jone, D. D., of Kansas City, Mo., and to Hon. Chauncey Schaufer, of New York City.

The degree of Doctor of Divinity upon Rev. Francis C. Pearson, of Philadelphia, Pa.; Rev. David C. Woolpert, of Warsaw, Ind.; Rev. William P. George, Newark, N. J.

The degree of Master of Arts upon Lemuel R. Hartman, of Fort Wayne, Ind.; Hiram C. Glen, of Van Wert, Ohio; Elmer E. Mummert, Goshen, Ind., and William B. Vangorder, of Albion, Ind., class of '81.

The degree of Bachelor of Philosophy upon Norval Charles Heiromus, Wabash, Ind., class of '85.

This was the end of the program, and Rev. Simpson then pronounced the benediction, and the audience dispersed shortly before 11 o'clock.

THE SENTINEL feels that the benefits of the Fort Wayne college are increasing each year. The city ought to be proud of it.

Our Soldier Dead Abroad.

SAN FRANCISCO, June 20.—The steamship Oceanic, of the Occidental and Oriental company's line, arrived last night from Kong Konk and Yokohoma. The officers and men of the United States vessels in the harbor of Yokohoma performed the ceremony of decorating the graves of the American soldiers and sailors in the general cemetery at that place on May 30.

Captain Harper's Obsequies.

Rev. Van Slyke, in his sermon yesterday at the funeral of Captain J. B. Harper, paid a tender tribute to the memory of the late beloved captain. The cortege was one of the longest that has been witnessed in our city.

In line were twenty-nine of the 129th regiment, Captain Harper's command, and twenty members of the 30th Indiana, his company.

The cantons I. O. O. F. formed an escort to Harmony lodge I. O. O. F.

Company L., state militia, was an escort to Sion S. Bass Post G. A. R.

Home lodge, F. and A. M. escorted all from their hall to the residence, led by Grand Marshal Graham.

The floral decorations included a large letter "G" with square and compass in center, from Home lodge F. and A. M. Three links from Harmony lodge I. O. O. F. Another, representing a shield, the corps badge with the words in the center, "129th," from his old regiment.

The G. A. R. represented the badge of their order, and from the family came a pillow with the word "Papa."

Through the kindness of Supt. C. D. Law, who marched in line, five coaches awaited the organizations at Lindenwood, and their return to the city by rail afforded a rest after the march.

Articles of incorporation were filed with the secretary of the state of Minnesota, on Monday last, incorporating the Patrole Fuel company, and the Patrole Fuel Patents company, each with a capital stock of $200,000. Mr. Max Nirdlinger, formerly of this city, is associated with both organizations.

Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. We know of no remedy for dyspepsia more successful than Hood's Sarsaparilla. It acts gently, yet surely and efficiently, tones the stomach and other organs, removes the faint feeling, creates a good appetite, cures headache, and refreshes the burdened mind. Give Hood's Sarsaparilla a fair trial. It will do you good.

It is of no use to take your Ponds Extract bottle to your druggist to be refilled. It is a statutory offense for him to refill the bottle of the Pond's Extract Co. with any medicine or other article for sale. To insure getting Pond's Extract and not a worthless imitation, be sure that the bottle is enclosed with buff wrapper, having our landscape trademark and the words Ponds Extract blown in the glass. But bottles cannot be refilled.

It was maintained by the late Horace Greely, that "nothing succeeds like success!" If this be true, Chamberlain's Cough Remedy will always be popular, as it never fails, It is intended, especially for coughs, colds, croups and whooping cough, and is undoubtedly the best and most reliable medicine in use for those diseases. It is decidedly a success. For sale by Geo. H. Leosch and Fred Hohan.

A Message of Cheer. Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My sufferings began in the summer of 1866, when that horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Swift's Specific, which, from the first day, forced out the poison, and continued its use until I had taken several bottles, when I found myself well. I know that S. S. S. cured me.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

OUR STROLLER'S BUDGET.

An Employe at the Pittsburg Works Injured—Other News at the Busy Centers.

The Olds wagon works are now running eleven hours a day.

The Caledonians took 200 excursionists to Warsaw this morning.

There are five locomotive engines in the Pittsburg shops for repairs.

Wm. Lauer, who injured his hand in a jointer at Olds' wheel works, is still off duty.

The New York Central depot was burned Wednesday night, causing a loss of $25,000.

Mart Beamer, of the Olds wagon works, who injured his hand a couple of weeks ago, is still off duty.

Harry Snyder has resigned his position at the Olds wagon works, to accept a similar one at Lansing, Mich.

Assistant Ticket Agent Robt. F. Douglass, of the Wabash, went to Warsaw to-day with the Caledonians.

Sam Talbot, of the Organ Factory, has returned from Chicago where he attended the wedding of his sister.

Robert Brabandt, moulder at the Bass works, will be married in the near future to a young lady living in this city.

The Young Men and Ladies' society of the St. John's Reformed church, went to Rome City this morning, with 115 people.

Daniel Martin has resigned his position in the rimming room of Olds' wagon works, to accept a position as bookkeeper at C. L. Centlivre's brewery.

The Scotch laddies in the Pittsburg shops were conspicuous this morning by reason of their absence. They had all gone to Warsaw with the Caledonians.

Nicholas DeWald, whose son was drowned yesterday, is a boiler maker at the Bass foundry. He has the sympathy of his fellow workmen in his deep affliction.

Clerk J. J. Wisener, of the Olds wheel works, has parted with his long mustache and his best friends failed to recognize him yesterday when he reported for duty.

General Freight Agent McKay, of the Lake Shore road, now in Europe for the benefit of his health, writes home that he is much better and is enjoying himself greatly.

The aggregate of gross earnings of 120 American roads for May, shows an increase over the corresponding month of 1888 of 6½ per cent. The increase thus far this year is 7 per cent.

The use of liquor and its influences have done more to darken labor's homes, dwarf the energies and chain it hand and foot to the wheels of corporate oppression, than all other influences combined.

Receiver McNulta will turn over to the purchasers of the Wabash road 900 miles of road, most of it in good condition physicially, 200 locomotives and 9,000 cars, most of the equipment being in good shape.

The eighth of the series of ten new locomotives being built at the Pittsburg shops will be sent out Tuesday. When the remaining two engines of the order are finished it is thought work in the shops will be dull.

General McNulta will go to Europe for a short vacation after he turns over the Wabash road to the new purchasers, and when he returns to this country it is rumored that he will take the management of a western road.

J. M. Messerschmidt, an employe of the Bass foundry, left last evening with his family, for New York city, and from there will sail for Germany for a few months' visit abroad. Mr. Messerschmidt has been left a large legacy in Germany, and he goes to look after it.

Superintendent C. D. Law, of the Pennsylvania, placed five passenger cars at the disposal of the societies attending the funeral of Captain Harper yesterday. The societies marched out to the cemetery and returned in the train. This was a kindness that was greatly appreciated.

There were a host of railroad men in the city yesterday. Among them we noticed Cliff Kennedy, of the Milwaukee, Lake Shore and Western; W. S. G. Hough, of the Chicago, Kansas and Nebraska; Gus Schantz, of the Detroit and Cleveland Steam Navigation company; W. J. Seinworth, of the Michigan Central, and P. S. Monks, traveling freight agent of the Michigan Central.

The Indiana state board of health has adopted the rules of the National association of general baggage agents, relative to the shipment of remains of persons who have died from contagious or infectious diseases. The secretary has also been instructed to direct the local health boards to enforce the new laws providing for the inspection of live stock before being slaughtered for the market, and for the condemnation of adulterated vinegar.

AN EMPLOYE INJURED.

Robert Thiele, of the Pittsburg planing mill, while engaged at work yesterday afternoon in unloading a car of break beams, had the big toe of his left foot horribly crushed by one of the pieces of lumber falling upon it. He was taken to his home, 84 Wilt street, and Dr. Stemen attended him. An amputation of the toe was found necessary, and this was done. Mr. Thiele is a married man. He will be kept from work for a number of weeks.

A HANDSOME GIFT.

Herman Regel, a machinist at the Bass works, was married yesterday, and in the evening the employes of the machine shops, with Robert Kerbach's orchestra, tendered him and his bride a pleasant serenade. The boys were invited into the house and surprised their host and hostess by presenting to them a magnificent easy chair and hanging lamp. Assistant Foreman Henry M. Zauner made the presentation speech, (no person knows how to do such things better than Henry) and Mr. Regel feelingly responded. After this a delightful repast was served. Mr. and Mrs. Regel will reside at 36 Summit street.

The many remarkable cures Hood's Sarsaparilla accomplishes are sufficient proof that it does possess peculiar curative powers.

Boils, Carbuncles and Sties

are circumscribed inflammation of the skin involving the deeper parts. They are generally caused by impure materials floating in the blood. Purify the blood and it is surprising how rapidly they disappear. Try Loose's Extract Red Clover Blossoms. Best blood purifier in the world.

Don't fail to call to-day at any druggist's for a free sample of this grand family medicine. Large size package 50c.

A Large Estate.

A broad land is this in which we live, dotted so thickly with thrifty cities, towns and villages! Amid them all, with ever-increasing popularity and helpfulness, is Dr. Pierce's Golden Medical Discovery, giving hope and cheer where their is disease and despair. Wherever there is humanity there is suffering; wherever there is suffering there is the best field for this greatest American Remedy. Consumption (which is lung-scrofula), yields to it, if employed in the early stages of the disease; Chronic Nasal Catarrh yields to it; Kidney and Liver diseases yield to it! If you want the best known remedy for all diseases of the blood, ask for Dr. Pierce's Golden Medical Discovery, and take no other.

Dr. Wau-Ke-Maugh, the Indian Doctor.

Dr. Wau-Ke-Maugh, the great Indian doctor, will be at the Hotel Brunswick, Fort Wayne, for one week, commencing Sunday, June 23, ending Saturday evening, June 29, where he will be prepared to heal the sick with the roots, barks, plants, leaves, etc., placed in the ground by the "Great Spirit" for the benefit of mankind. Your diseases located and how you feel without asking any questions. Eye, ear and all chronic diseases treated. No charge except for remedies used. 15-18-21-22

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe ree of charge. O13deod4m-weow15t

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It sooths the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

Not a fit, but an expression of delight. "About a week ago," says a Los Angeles, Cala., druggist, "a chinaman came in with a lame shoulder. I sold him a bottle of Chamberlain's Pain Balm and guaranted that it would cure him. He came in again last night, and as soon as he got inside the door, began to swing his arms over his head like an Indian club swinger. I thought the blamed fool had a fit, but he finally stopped long enough to say: "Medicine velly fine, velly fine; alle same make me feel plenty good." Chamberlain's Pain Balm, is without an equal for sprains, rheumatism, aches, pain or lame back. For sale by Geo. H. Loesch and Fred Hoham.

Change of Route.

The Wabash railway is about to make a change east of Buffalo, in the operation of its through sleeping cars from St. Louis to New York. The through New York sleeper leaves St. Louis at 6:55 p. m., running over the Wabash road to Toledo, thence over the Michigan Central railroad via Detroit and Niagara Falls to Buffalo. From that point, on and after Sunday, May 12, inst., it will run via the New York Central and Hudson River railroad to the Grand Central station in New York city. The Boston sleeper will continue from Buffalo over the West Shore railroad and Hoosac Tunnel route to Boston, as heretofore. 14 tf

Pertinent to the all absorbing topic of Sunday desecration by violation of the liquor laws is the question in regard to regulating the sale of liquors. A saloon-keeper has the grievance that some grocers in the city are selling whisky, gin and other drinks in less quantities than a quart. SULLIVAN'S SPECULATIONS

His Losses in This Way Furnish a Motive for the Commission of the Cronin Murder.

CHICAGO, June 21.—Another loss of $18,000 sustained by Alexander Sullivan through his speculations was discovered by the grand jury yesterday. It was also ascertained that Martin Burke secreted himself at Joliet from May 9th to May 18th, and that while he was there he received a sum of money from Chicago, where upon he at once disappeared without telling his most intimate friends where he was going.

These facts about Sullivan and Burke were the most valuable and startling, as they were about the only new ones resulting from the investigation yesterday. Alexander Sullivan speculated at one time through the firm of Maurice Rosenfeld & Co. Some of his plunges are known to have been remarkably lucky and he made money in large sums. His losses were smaller than his gains, but there were more of them. The aggregate of his winnings and that of his losses were carefully calculated, and it was discerned that, although he made several lucky strikes, he really lost $18,000 while operating through them.

Mr. and Mrs. Black, of San Francisco, the father and mother of Frank Woodruff, the horse thief now under indictment for complicity in the murder of Dr. Cronin, arrived in this city Tuesday afternoon and late that evening called at the jail. They were permitted by Sheriff Matson to see their son. Woodruff was called into the visitors' cage and mother and son were soon in each other's arms. Both burst into tears and during the entire interview Mrs. Black's eyes were never dry.

LeCaron, the British military spy was last night tried by his comrades in Winfield Hancock Post, No. 560, G. A. R., and summarily dismissed from the order. The charges against him were that he was unworthy of being a comrade of the other members, and the trial was brought about by his testimony given in the Parnell case.

The police are mysteriously and unusually secretive regarding the source of their information about Burke, the Winnipeg prisoner, but it is now definitely known the information on which Chief Mullae arrested his man came from Hancock, Mich.

In the search for a motive for Dr. Cronin's removal the only intelligible one found is furnished by the history of his persistent effort to show the misappropriation of Clan-na-Gael funds. The men whose standing in the Irish cause and whose honor were involved by these efforts were Alexander Sullivan, Michael Boland and Dennis C. Feely, the triangle during the early years of the present decade. At least $300,000, Cronin's adherents estimate, passed through the hands of these three men while they were in supremacy.

WINNIPEG, Man., June 21.—Burke's trial begins to-day. In order to obtain his extradition such a case must be made out as would secure his commitment for trial at a higher court, if he were charged with committing the offense in this country.

AFFAIRS AT JOHNSTOWN.

The Strikers are not Yet Satisfied and But Few Men are Working.

JOHNSTOWN, June 21.—Maria Burford, Max Burford and Henry Pritchard were the only bodies identified among the thirteen remains removed from the debris to the morgue up to noon to-day.

The strike is still on and very little work is doing to-day. The strikers are not yet satisfied with the promises of the contractors, and refuse to go to work until an agreement is signed guaranteeing better food and free transportation home whenever they desire to go.

A large number of strikers who refused to go to work were driven out of Contractors Flinn & McKnight's camps at day break this morning before their breakfast was served. The strikers who handed in their time last night were promptly paid in full.

This, together with the money paid out by the Cambria and Gautier companies to-day, places plenty of money in circulation among the men. The idlers are patronizing the illicit saloons in the neighborhood and the militia are held in readiness to respond at a moment's notice to suppress any outbreak that may possibly occur.

It is now a matter of much doubt if the contractors will be able to fill the striker's places with new men, as very few are arriving that can be engaged at the contractors terms.

The Weather.

WASHINGTON, June 21.—Indiana—Rain; cooler; northwesterly winds.

A WATERY GRAVE.

Frank, the Young Son of Mr. Nic DeWald, Drowns While Swimming.

Late yesterday afternoon Master Frank, son of Mr. and Mrs. Nic DeWald, of South Calhoun street, went up the St. Joe river to go swimming. He was accompanied by the young sons of Mr. Gus Fox and Mr. Noll, the druggist. One of the lads swam across the river and when young DeWald attempted to follow he was cautioned by his companions, who knew he was not a strong swimmer. Heedless of their advice the boy started across only to meet a fate. In the middle of the stream his strength exhausted itself, causing him to sink before assistance could be rendered. It would have been almost certain death to any one of the lads to have attempted a rescue.

The frightened boys hastily went to Centlivre's, where the news was conveyed by telephone to the city. A searching party commenced work at once. A net was spread at the dam to prevent the body going over. All last night and this morning the work proceeded, but the body was not recovered. The Zullinger battery guns have been on the scene, and cannonading the water sounded for miles with its solemn boom, but this effort to raise the lifeless body proved as fruitless as everything else. The river is being dragged.

Frank Dewald was in his 17th year, a bright boy, and studious pupil in the Brothers school. The family is grief stricken.

BODY RECOVERED.

The body was found about 8 o'clock this afternoon forty feet from where the young man went down. Peltier's conveyance was telephoned for and the body removed to the undertaking rooms.

AN UNEXPECTED FAVOR.

Mr. M. W. Simons, of Plymouth, Presents the Baptist Church With $300.

A few days ago, Rev. E. A. Northrop, of the Baptist church, while on route home from Laporte, Ind., met on the train Mr. M. W. Simons, of Plymouth, who made a few inquiries after the welfare of the church. He was informed by Pastor Northrop that the congregation would put about $7,000 worth of improvements on the church and make it in many respects a metropolitan edifice. He also stated that contributions would be solicited at once to prosecute the work.

Louis Scherer Moves His Model Bakery Into Handsomer Quarters.

Rev. J. L. Looper, the pastor of the Second Presbyterian church, of this city, is in receipt of a telegram from Mr. W. R. Thompson, of Pittsburg, the general treasurer of the Johnstown relief fund, stating that he will not, under any circumstances, accept the money raised by the beer picnic in this city last Sunday.

Mr. C. R. Higgins, the treasurer of the fund in this city, had previously refused to accept it, and if Messrs. Centlivre and Berghoff have forwarded it to Pittsburg, they can rest assured the money will be returned to them.

THE FARMER'S ENEMY.

A Little Green Bug That is Destroying the Wheat.

Mr. Wm. H. Schoonover, of Union township, Wells county, brought to this office to-day, several heads of wheat taken from four different farms adjoining the county line. On each head are two or three hundred little green bugs, about the size of a pin head, which are eating the grains of wheat as rapidly as they can do so, and will eventually ruin the whole head.

Upon inquiry at the store of S. Bash & Co., in this city, a SENTINEL reporter learned that they have telegraphed to different parts of the country and have received the answer that this insect is committing its ravages everywhere, not only on wheat, but rye and oats also. If this is the case it is altogether probable that the wheat crop this season will be a failure and that there will hardly be a bushel to the acre of good wheat harvested.

This telegram from Winamac, Ind., received at noon, shows the destruction of this insect at that place:

WINAMAC, Ind., June 21.—The farmers in and around this place are becoming discouraged on account of the continued rain-fall and the appearance of a small bug, about the size of a pin head and of a greenish color. Not much damage will be done to the wheat that is well advanced, but the utter ruin of rye and oats is feared. Most of the corn is under water and presents a poor appearance.

In the circuit court Wm. Fleming enters suit against the Peters Box and Lumber company and against Chas. Pape individually to have a receiver appointed and recover damages.

John Krook, of the Bass moulding rooms, had the fleshy part of his leg pierced by a sharp iron yesterday afternoon. A copious hemorrhage followed and the man is now confined to the house.

Last night Mr. Jacob Brinkroeger, of West Fourth street, while working about a horse, received a kick from the animal which sent him spinning through the air, and landed him in a pile of debris some feet away. The man was picked up in an unconscious condition and conveyed to the house. Dr. Stults, who was summoned, found the extent of the injuries to be a fractured arm and several contusions.

Last evening Mr. Cyrus J. Lose, of the Newspaper Union, while crossing Calhoun street in front of the Harmon house, was run against by a driver who did not see him by reason of the glare of the electric light. The shafts of the vehicle struck Lose in the breast, knocking him into the gutter. When he arose the buggy was gone and so was an elegant gold watch and chain, a present to Mr. Lose and prized very highly by him. It is the supposition that the jewelry caught in the shaft or harness and was whisked away.

YOUTHFUL MURDERERS.

Three Boys Bound Over at Terre Haute for Murdering Another Young Lad.

TERRE HAUTE, Ind., June 21.—The two Douglas boys, one ten and the other twelve years of age, and a boy named Pearman, thirteen years of age, were bound over to the grand jury in Vermillion county yesterday for the murder of Parley Snyder, whose body was found in the creek, where they had induced him to go swimming with them.

In the first report it was said that young Snyder had been shot as well as stabbed. The autopsy shows, however, that he was not shot, but that several scars on his head—one an inch long and a quarter of an inch deep—were caused by blows sufficient to make him insensible, if not to kill him.

IOWA STORMS.

A Damaging Cyclone Sweeps Over the State.

RIVERSIDE PARK, Iowa, June 21.—Several summer houses were blown into Sioux river, by a destructive storm about 3 o'clock yesterday morning, but the occupants escaped. At Ponca, Nebraska, several buildings were blown down. At Lyons, Nebraska, the station of the Omaha road, was struck by lightning and burned with all its contents, causing a loss of $5,000. Much damage is reported at Sloan, but particulars have not yet been learned.

The training quarters are at Halstead's road house, near Baltimore, Md. Every afternoon hundreds of persons go out to Halstead's to see the pugilists punch the bag. When Kilrain began to train two weeks ago his weight was 213 pounds. He has since reduced it to 198 pounds, and expects to lower it to 185 or 188 pounds by July 2, the day he starts for New Orleans to fight Sullivan. He is going to be dressed in style when he starts on the journey, for when he was in this city last winter he went to the clothing house of Original Pete, 52½ Calhoun street, and purchased the suit of clothes he will wear. He knew where to get the cheapest and best.

PRICES TELL.

Mergentheim's Millinery Department was thronged all day yesterday. This goes to show that when Mergentheim advertises 1-3 off on all goods in their department, that the public understands. Mergentheim's prices speak for themselves. One-third off at Mergentheim's means more than two-thirds off at other stores. Those who have not yet convinced themselves of this can easily do so by comparing prices.

SMITH WILLIAMS, ex-superintendent of a county poor asylum, and H. W. Miller, ex-treasurer of Marion county, pleaded guilty at Indianapolis, yesterday, of voting insane persons at the last election, and were fined $50 and $250 respectively.

GENERAL CARY, whose death occurred at Marion, Ind., Wednesday, was one of the bravest officers of the union army, having had four horses shot from under him and being wounded five times. He served two terms in the Indiana legislature, being elected in 1866 and again in 1878.

THE total vote in yesterday's election in Rhode Island, was 29,449 for repeal of the prohibitory amendment, and 9,858 against the repeal. The amendment is therefore repealed by 5,408, more than the required three-fifths of the total vote. The amendment was adopted in 1886 by a vote of 15,113 to 9,230.

OFFICIAL and estimated returns from every county in Pennsylvania show that the prohibition amendment was defeated by 188,449 majority. Reports from all but twelve counties show a majority of 146,926 against the amendment providing for the repeal of the poll-tax qualification. The majority against it will be still further increased.

MRS. CHARLOTTE ALLEN, aged seventy, living near Washington, Ind., has confessed that in November, 1888, she murdered her husband, whose body was found tied to a tree, with his throat cut from ear to ear. It was supposed that the victim had committed suicide. Mrs. Allen says that quarrels as to the ownership of the farm led to the tragedy.

THE supreme court of Indiana decided Thursday that a barber could not pursue his business on Sunday. The case was that of John Ungericht, of Indianapolis, who was arrested and fined for keeping his barber-shop open on the Sabbath. The court holds that shaving and hair-cutting are not works of necessity within the meaning of the statute, and the judgment of the lower court is affirmed.

THE Royal Arcanum society was the first to be officially represented in the Conemaugh valley after the flood. A committee of supreme officers hastened to the scene of disaster with $4,000 in cash and have remained on the ground ever since, looking after the wants of their suffering brothers. Liberal donations are being forwarded them from subordinate councils all over the United States. There were one hundred and forty-two members in the valley and but five lost, and their bodies have been recovered and identified. The society has a prosperous branch in this city.

THE appointment of Prof. Henry W. Diedrich, of this city, as consul to Nuremburg, by the president is a deserving one. Prof. Diederich is professor of English literature in the Concordia college in this city and is a scholary gentleman, well fitted in every way for the discharge of the duties of the position to which he has been called. His salary is $2,000 a year, with fees, which makes the office a lucrative one. Nuremburg, where the professor goes, is a fortified city of the Bavarian province of middle Franconia. It has a population of 26,000 and is famed for its town hall, the finest in Germany. Its inhabitants retain the characteristics which distinguished the wealthy burgher classes in the middle ages.

The communication has caused the emperor considerable irritation. Prince Bismarck is persuaded, however, that Russia has no hostile intentions.

GOT THEIR DIPLOMAS.

The Commencement at Fort Wayne College Last Night—A Well Rendered Program.

A large audience assembled in the lecture room of Fort Wayne M. E. college last evening to attend the forty-third annual commencement of that institution of learning. Owing to some unknown cause the gas refused to work for awhile, thus delaying the exercises about an hour.

On the platform were seated the faculty, trustees and the graduates, who were as follows: Julia Florence Alexander, of Wabash, Ind.; Minie Minerva Herrick, of Fort Wayne; Grant S. Housh, of Fort Wayne; Paris Wilson Ashcraft, of South Whitley, Ind.; John Fulmer Bower, of Sheldon, Ind.; Edward Benton Johns, Columbia City, Ind.; Morton Ernstus Little, of Pierceton, Ind.; Charles Marquis Sarber, of Claypool, Ind.; Clarence Edwin Smith, of Saturn, Ind.; Paul Wilke, of Fort Wayne.

The invocation was delivered by Rev. W. J. Chadwick, of Columbus, Ohio, who was followed by Miss Ida Kellogg, in her difficult solo, "Piano, Piano," in which she was accompanied on the piano by Mr. John Mohr, jr.

The graduates each rendered a number, either literary or musical. The merit of all of them is such that THE SENTINEL will bunch its criticisms. They were given in a talented manner, creditable to the graduates and the institution.

After the exercises the presentation of diplomas and announcement of degrees, conferred upon students, was made by Rev. Herrick, president.

On Miss Julia F. Alexander was conferred the degree of Bachelor of Photography.

Mr. George S. Housh, a blind student, was then called upon, and Professor Herrick conferred upon him the degree of Bachelor of Arts. The announcement was received with cheers by the audience.

The following degrees were also then conferred upon the gentlemen whose names appear below:

The degree of Doctor of Law on William Jone, D. D., of Kansas City, Mo., and to Hon. Chauncey Schaufer, of New York City.

The degree of Doctor of Divinity upon Rev. Francis C. Pearson, of Philadelphia, Pa.; Rev. David C. Woolpert, of Warsaw, Ind.; Rev. William P. George, Newark, N. J.

The degree of Master of Arts upon Lemuel R. Hartman, of Fort Wayne, Ind.; Hiram C. Glen, of Van Wert, Ohio; Elmer E. Mummert, Goshen, Ind., and William B. Vangurder, of Albion, Ind., class of '81.

The degree of Bachelor of Philosophy upon Norval Charles Heiromus, Wabash, Ind., class of '85.

This was the end of the program, and Rev. Simpson then pronounced the benediction, and the audience dispersed shortly before 11 o'clock.

THE SENTINEL feels that the benefits of the Fort Wayne college are increasing each year. The city ought to be proud of it.

Give Hood's Sarsaparilla a fair trial. It will do you good.

I was soldier that Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My feelings may be imagined, then, when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, it took Swift's Specific, which, from the first day, forced out the poison, and continued to use the until I had taken several bottles, when I found myself well. I know that S. S. S. cured me.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is skimmed down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not be three minutes to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

OUR STROLLER'S BUDGET.

An Employe at the Pittsburg Works Injured—Other News at the Busy Centers.

The Olds wagon works are now running eleven hours a day.

The Caledonians took 200 excursionists to Warsaw this morning.

There are five locomotive engines in the Pittsburg shops for repairs.

Wm. Lauer, who injured his hand in a jointer at Olds' wheel works, is still off duty.

The New York Central depot was burned Wednesday night, causing a loss of $25,000.

Mart Reamer, of the Olds wagon works, who injured his hand a couple of weeks ago, is still off duty.

Harry Snyder has resigned his position at the Olds wagon works, to accept a similar one at Lansing, Mich.

Assistant Ticket Agent Robt. F. Douglass, of the Wabash, went to Warsaw to-day with the Caledonians.

Sam Talbot, of the Organ Factory, has returned from Chicago where he attended the wedding of his sister.

Robert Brahandt, moulder at the Bass works, will be married in the near future to a young lady living in this city.

The Young Men and Ladies' society of the St. John's Reformed church, went to Rome City this morning, with 115 people.

Daniel Martin has resigned his position in the rimming room of Olds' wagon works, to accept a position as bookkeeper at C. L. Centlivre's brewery.

The Scotch laddies in the Pittsburg shops were conspicuous this morning by reason of their absence. They had all gone to Warsaw with the Caledonians.

Nicholas DeWald, whose son was drowned yesterday, is a boiler maker at the Bass foundry. He has the sympathy of his fellow workmen in his deep affliction.

Clerk J. J. Wisener, of the Olds wheel works, has parted with his long mustache and his best friends failed to recognize him yesterday when he reported for duty.

General Freight Agent McKay, of the Lake Shore road, now in Europe for the benefit of his health, writes home that he is much better and is enjoying himself greatly.

The aggregate of gross earnings of 120 American roads for May, shows an increase over the corresponding month of 1888 of 64 per cent. The increase thus far this year is 7 per cent.

The use of liquor and its influences have done more to darken labor's homes, dwarf the energies and chain it hand and foot to the wheels of corporate oppression, than all other influences combined.

Receiver McNulta will turn over to the purchasers of the Wabash road 900 miles of road, most of it in good condition physicially, 200 locomotives and 9,000 cars, most of the equipment being in good shape.

The eighth of the series of ten new locomotives being built at the Pittsburg shops will be sent out Tuesday. When the remaining two engines of the order are finished it is thought work in the shops will be dull.

General McNulta will go to Europe for a short vacation after he turns over the Wabash road to the new purchasers, and when he returns to this country it is rumored that he will take the management of a western road.

J. M. Messerschmidt, an employe of the Bass foundry, left last evening with his family, for New York city, and from there will sail for Germany for a few months' visit abroad. Mr. Messerschmidt has been left a large legacy in Germany, and he goes to look after it.

Superintendent C. D. Law, of the Pennsylvania, placed five passenger cars at the disposal of the societies attending the funeral of Captain Harper yesterday. The societies marched out to the cemetery and returned in the train. This was a kindness that was greatly appreciated.

There were a host of railroad men in the city yesterday. Among them we noticed Cliff Kennedy, of the Milwaukee, Lake Shore and Western; W. S. G. Hough, of the Chicago, Kansas and Nebraska; Gus Schantz, of the Detroit and Cleveland Steam Navigation company; W. J. Soinworth, of the Michigan Central, and P. S. Monks, traveling freight agent of the Michigan Central.

The Indiana state board of health has adopted the rules of the National association of general baggage agents, relative to the shipment of remains of persons who have died from contagious or infectious diseases. The secretary has also been instructed to direct the local health boards to enforce the new laws providing for the inspection of live stock before being slaughtered for the market, and for the condemnation of adulterated vinegar.

AN EMPLOYE INJURED.

Robert Thiele, of the Pittsburg planing mill, while engaged at work yesterday afternoon in unloading a car of break beams, had the big toe of his left foot horribly crushed by one of the pieces of lumber falling upon it. He was taken to his home, 34 Will street, and Dr. Stemen attended him. An amputation of the toe was found necessary, and this was done. Mr. Thiele is a married man. He will be kept from work for a number of weeks.

A HANDSOME GIFT.

Herman Regel, a machinist at the Bass works, was married yesterday, and in the evening the employes of the machine shops, with Robert Kerbech's orchestra, tendered him and his bride a pleasant serenade. The boys were invited into the house and surprised their host and hostess by presenting to them a magnificent easy chair and hanging lamp. Assistant Foreman Henry M. Zauner made the presentation speech, (no person knows how to do such things better than Henry) and Mr. Regel feelingly responded. After this a delightful repast was served. Mr. and Mrs. Regel will reside at 36 Summit street.

The many remarkable cures Hood's Sarsaparilla accomplishes are sufficient proof that it does possess peculiar curative powers.

Boils, Carbuncles and Sties

are circumscribed inflammation of the skin involving the deeper parts. They are generally caused by impure materials floating in the blood. Purify the blood and it is surprising how rapidly they disappear. Try Loose's Extract Red Clover Blossoms. Best blood purifier in the world.

If you do not receive your SENTINEL regularly, please notify us immediately, either in person or by postal card, that we may remedy the fault.

Made Like Tea.

Have you been to your druggist for a free sample package of Lane's Family Medicine, which is made as simply as tea? It is a harmless vegetable remedy for your blood, stomach, liver and kidneys, and an easy cure for constipation, discovered by Dr. Silas Lane while in the Rocky Mountains. Don't fail to call to-day at any druggist's for a free sample of this grand family medicine. Large size package 50c.

A Large Estate.

A broad land is this in which we live, dotted so thickly with thrifty cities, towns and villages! Amid them all, with ever-increasing popularity and helpfulness, is Dr. Pierce's Golden Medical Discovery, giving hope and cheer where their is disease and despair. Wherever there is humanity there is suffering; wherever there is suffering there is the best field for this greatest American Remedy. Consumption (which is lung-scrofula), yields to it, if employed in the early stages of the disease; Chronic Nasal Catarrh yields to it; Kidney and Liver diseases yield to it! If you want the best known remedy for all diseases of the blood, ask for Dr. Pierce's Golden Medical Discovery, and take no other.

Dr. Wau-Ke-Maugh, the Indian Doctor.

Dr. Wau-Ke-Maugh, the great Indian doctor, will be at the Hotel Brunswick, Fort Wayne, for one week, commencing Sunday, June 23, ending Saturday evening, June 29, where he will be prepared to heal the sick with the roots, barks, plants, leaves, etc., placed in the ground by the "Great Spirit" for the benefit of mankind. Your diseases located and how you feel without asking any questions. Eye, ear and all chronic diseases treated. No charge except for remedies used. 15-18-21-22

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge. O18deod4m-wecw15t

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

Not a fit, but an expression of delight. "About a week ago," says a Los Angeles, Cala., druggist, "a chinaman came in with a lame shoulder. I sold him a bottle of Chamberlain's Pain Balm and guaranted that it would cure him. He came in again last night, and as soon as he got inside the door, began to swing his arms over his head like an Indian club swinger. I thought the blamed fool had a fit, but he finally stopped long enough to say "Melican velly fine, velly fine; allo same make me feel plenty good." Chamberlain's Pain Balm, is without an equal for sprains, rheumatism, aches, pain or lame back. For sale by Geo. H. Loesch and Fred Hoham.

Change of Route.

The Wabash railway is about to make a change east of Buffalo, in the operation of its through sleeping cars from St. Louis to New York. The through New York sleeper leaves St. Louis at 6:55 p. m., running over the Wabash road to Toledo, thence over the Michigan Central railroad via Detroit and Niagara Falls to Buffalo. From that point, on and after Sunday, May 12, inst., it will run via the New York Central and Hudson River railroad to the Grand Central station in New York city. The Boston sleeper will continue from Buffalo over the West Shore railroad and Hoosac Tunnel route to Boston, as heretofore. 14 tf
